Voordelen en specificaties

Delicious hot drinks at home. Design alignment in Matt Black

The built-in, Touch+ home espresso bar: Espresso or other hot drinks on demand, precisely the way you want them. Design execution in Matt Black plus a large touchscreen display to align with other Matt Black AEG appliances.

Wide, Matt Black Touch+ display for smooth navigation

The Touch+ home espresso bar's wide display enables smooth menu navigation with access to your favorite functions. The display's size, design and Matt Black finish also align with the design of other Matt Black appliances.

Choose the recipe for your perfect drink

Adjustable coffee and milk quantity settings let you fine-tune the recipe to your precise preferences: cappuccino, flat white, macchiato and more.

Milk jug keeps milk fresh longer

The milk jug enables you to keep milk fresh longer and simplifies the adjustment of foam density according to your preferences.

Design alignment in fingerprint-resistant Matt Black.

Contrasting matt and glossy glass surfaces, with dark tint and polished edges, align with other appliances. Texture and matt finish naturally resist fingerprints.
